Your special attention is called to the fact that we are strictly wholesale growers and make a specialty of lining out stock for Nurserymen and Florists. When you buy of us you get the best. We started to grow this kind of stock years ago; and have increased our plantings every year and we have no surplus at the end of the season.

Stock of most all kinds is scarce this season and we have already sold out on a good many items and sizes. Prices in this list are subject to stock being unsold when order is received.
